

MAKING DEMOCRACY WORK

May 30, 2004

To whom it might concern,

Let me take this opportunity to express my sincerest gratitude to Dr. Mishkat El-Moumin for her assistance to IFES and the United Nations in election preparations for Iraq. Her contributions to the UN/IFES effort have been invaluable. I deeply appreciate the insights that she has provided on the organization of the electoral commission appointment process.

IFES hopes to be able to continue to cooperation sometime in the future when Dr. El-Moumin is available again.

Please do not hesitate to contact me with any questions there might be with regards to her general abilities and her contributions to the initial preparations for the elections.

Sincerely,

Peter Erben
